

## 3800 Series Smart Strike with patented lock out

Lorem ipsum

3800/1-N-BK-03-N Battery powered, BLE

### Overview

Finally a Bluetooth controlled smart locking solution that sits discretely in the door frame, allowing your choice of door furniture or no handle/lockset at all!

This key override variant of the 3800 Smart Strike allows managers to lock out the strike, overriding standing e-key access. Perfect for environments with variable lock up times.

The 3800 Series smart strike is built to a 200 series footprint commonly used in the access control market.

### Specifications

1 x CR2 battery back up. Easy to replace by end user.

Battery life expectancy is approximately 1 year or 40,000 open/close cycles. Up to 2 years standby.

Bluetooth low energy (BLE) control and management.

Capacity of up to 1,000 users.

Retains over 1,000 events rolling audit trail. EKey communications are end-to-end encrypted, using military grade AES standards - Verroo app.

Rated S8 for Strength, D8 for durability: 500K Cycles.

Tested to 1200 Newton Meters impact resistance.

Working temperature range is -25°C to +60°C.

### Variants

The 3800 Series is available in this key lock out variant as well as standard body and push to exit variants.

This 12VDC powered model still retains an on-board CR2 battery providing approximately 10 month battery back up.

### Software / App Support

#### Verroo App

Operate Smart Core with Verroo's own license free App available on iOS and Android.

The native Verroo app is a cloud free ekey management solution that utilises AES military grade encryption.

Owners and assigned admins can issue programmable ekeys providing either unrestricted access, or time-of-day, day-of-week and expiry date/time restrictions.

The Smart Core maintains current user rights list as well as rolling audit trail.

Ideal for smaller deployments., SME business, Domestic applications
