

3800 Series Smart Strike with patented lock out

Lorem ipsum

3800/1-N-BK-12-N 12VDC, battery powered, BLE

Overview

Finally a Bluetooth controlled smart locking solution that sits discretely in the door frame, allowing your choice of door furniture or no handle/lockset at all!

The 3800 Series smart strike is built to a 200 series footprint commonly used in the access control market.

The strike is both managed and controlled via bluetooth smart technology.

It features serious security by design rated, S8 for strength and class leading 1200 Newton Meters impact resistance.

Specifications

12VDC powered, CR2 battery backed up.

Bluetooth low energy (BLE) control and management.

Capacity of up to 1,000 users.

Retains over 1,000 events rolling audit trail. EKey communications are end-to-end encrypted, using military grade AES standards - Verroo app.

Rated S8 for Strength, D8 for durability: 500K Cycles.

Tested to 1200 Newton Meters impact resistance.

Working temperature range is -25°C to +60°C.

Variants

The 3800 Series is available in this key lock out variant as well as standard body and push to exit variants.

This 12VDC powered model still retains an on-board CR2 battery providing approximately 10 month battery back up.

Software / App Support

Verroo App

Operate Smart Core with Verroo's own license free App available on iOS and Android.

The native Verroo app is a cloud free ekey management solution that utilises AES military grade encryption.

Owners and assigned admins can issue programmable ekeys providing either unrestricted access, or time-of-day, day-of-week and expiry date/time restrictions.

The Smart Core maintains current user rights list as well as rolling audit trail.

Ideal for smaller deployments., SME business, Domestic applications
