

## 3800 Series Smart Strike with Push to Exit

3800/3-N-BK-12-N 12VDC, Battery powered, BLE

### Benefits

Finally a Bluetooth controlled smart locking solution that sits discretely in the door frame, allowing your choice of door furniture or no handle/lockset at all!

The 3800 Series smart strike is built to a 200 series footprint commonly used in the access control market.

It features serious security by design, rated S8 for strength and class leading 1200 Newton Meters impact resistance.

### Specifications

12VDC powered, CR2 battery backed up.

Battery life expectancy is approximately 1 year or 40,000 open/close cycles. Up to 3 years standby.

Bluetooth low energy (BLE) control and management.

Capacity of up to 1,000 users.

Retains over 1,000 events rolling audit trail. EKey communications are end-to-end encrypted, using military grade AES standards - Verroo app.

Rated S8 for Strength, D8 for durability: 500K Cycles.

Tested to 1200 Newton Meters impact resistance.

Working temperature range is -25°C to +60°C.

### Variants

This push to exit version has an inbuilt mechanical push button. Suits non-fire escape exit use, where the associated door has a snibbed free egress handle that can fix/unfix both inner and outer handles.

This 12VDC powered model still retains an on-board CR2 battery providing approximately 10 month battery back up.

### Software / App Support

#### Verroo App

Operate Smart Core with Verroo's own license free App available on iOS and Android.

The native Verroo app is a cloud free ekey management solution that utilises AES military grade encryption.

Owners and assigned admins can issue programmable ekeys providing either unrestricted access, or time-of-day, day-of-week and expiry date/time restrictions.

The Smart Core maintains current user rights list as well as rolling audit trail.

Ideal for smaller deployments., SME business, Domestic applications
