

570V Smart Mortice Lock

Inside view

Benefits

Finally a cost effective smart lock that runs in parallel with your existing physical key and handle set!

The revolutionary 570V sits on the secure side of the door leaving the outer appearance unchanged.

Unlike many contemporary smart locks the 570V is quick to fit and is perfect for apartment buildings looking to keep a classy handle set aesthetic.

The 570V can fit to both separate key / handle sets or escutcheons.

Variants

The unit is left and right handed configurable via app.

The cover is available in satin chrome, white or black powder coat. For scale projects, custom powder coat runs can be ordered.

Supplied CAM tested with NOVAS, Lockwood, Lockton, and Dormakaba 570 Mortice Locksets.

570V Battery powered, BLE

Specifications

2 x CR2 battery back up, approx 12 to 18 months battery life.

Bluetooth low energy (BLE) control and management.

Capacity of up to 1,000 users.

Retains over 1,000 events rolling audit trail. eKey communications are end-to-end encrypted, using military grade AES standards - Verroo app.

Z cam / slide bar configuration tested to 100K duty cycles.
